DETAILED ACTION

1. This office action is in response to the Remarks filed April 12, 2005, in which claims 1-30 were presented for examination.

EXAMINER'S AMENDMENT

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Michael R. Casey, Reg. No. 40,294, on April 25, 2005.

3. Claim 30, line 1: delete "claim 22" and insert --claim 29-- in its stead.

Allowable Subject Matter

4. Claims 1-30 are allowed.
5. The following is an examiner's statement of reasons for allowance: independent claims 1, 17, 18, and 29 are allowable because the prior art of record does not disclose, suggest or teach the combination of a position reporting device, monitoring system, or computer program product that is specifically attached to a business office device that comprises a memory device for a semi-static address of the item, a position calculator to determine the position of the receiver, and a transmitter to transmit across a Wide Area network the calculated position and semi-static address.

6. The independent claims and respective depending claims are further considered allowable due to the approved terminal disclaimer filed by the applicant overcoming the previous Double Patenting rejections in view of patent no. 6,421,608.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
